

# Slumber Valley Mattress

364 Coil Count

## Overview

Innerspring mattress suitable for institutional environments  
features dual comfort foam padding and an antimicrobial nylon cover.

## Fabrication & Material:

The 210 Denier Oxford Nylon mattress cover with  
laminated fire retardant (FR) barrier and polyurethane coating is fluid repellant,  
anti-bacterial, anti-fungal, crack resistant, stain resistant, anti-static, breathable and  
bed bug resistant.

## Flammability Test Standards:

Mattress conforms to CPSC 16 CFR 1633,  
California Technical Bulletin #129 California Technical Bulletin #603,  
ASTM E 1590 and ACSC 1632/D.O.C. (FF 4-72), Boston Fire Department BFD IX-11.

## Natural Flame Retardant Materials

Chemical free Natural fire barrier:

- Inherent fire resistant fibers make it permanently flame retardant
- Does not cause skin sensitization or irritant reactions
- Biodegradable
- Moisture regulating properties provide comfort
- Meets or exceeds 15 international standards including CFR 1633 and CFR 1632

Packaging:

Shipped assembled in 4 mil poly bag.
